

## Dirt Trapper Outdoor

A favourite outdoor option for muddy shoes or paws.

- It is an abrasive mat incorporating Polybrush bristles and rubber ribs to help remove the tougher dirt from your shoes.
- Helps to prevent moisture and soil from destroying carpets.
- Resilient latex backing reduces mat movement on the floor.
- Ideal for domestic and office use to protect floors.
- The Dirttrapper Outdoor is a complimentary doormat to the amazing Original Dirttrapper, not an alternative.
- It is heavier and more robust to deal with the conditions of an outdoor mat.
- If it is a scraping mat you are looking for then the Dirttrapper Outdoor is the choice for you.
